

About The Lighthouse

The Visual Facts ...

Your Contribution ...

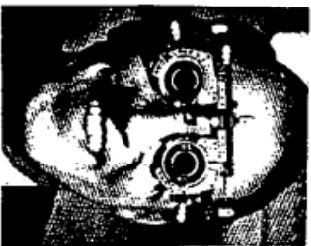

Objects ...

- To provide a comprehensive Low Vision Service for the people of Canterbury and Westland regions.
- To provide a place where equipment to assist people with low vision can be located.
- To ensure professional staffing and running of a Low Vision service.
- To co-ordinate the services of providers of services to people with low vision.
- To provide moneys for research and development that would benefit people with low vision.
- To promote the well-being and public awareness of visually impaired in the Canterbury and Westland regions.

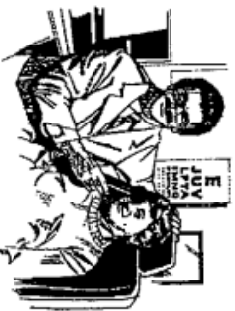

It has been estimated that 3000 people in our region suffer from visual problems that make daily living difficult. This is more likely to happen as we age.

How You Can Help ...

Modern technology can often cost many dollars. It is the aim of The Lighthouse Vision Trust to provide the best that is available in technology and equipment for those with visual problems. Your donation or bequest will assist in achieving our goals.

A donation to the Lighthouse Vision Trust will enable the Trust to assist people in your region with visual difficulties.
